

## MUCH INTEREST IS TAKEN IN OPINION

Seems to Pass on Two or Three Questions of Importance.

Prisoners May Be Worked On the Streets—Knocks Out Section of the Charter.

### AND ALSO DEFINES "CRIME"

The court of appeals in its decision yesterday in the Sam Stone case from Paducah, involving half a million dollars worth of damage suits against the city, seems to have decided two points clearly.

One of these is that the ordinances authorizing city officials to work prisoners on the streets for fines, are valid and enforceable, and a person may be worked on the streets here after conviction for misdemeanor.

Another important point is that police magistrates or judges in second class cities cannot take final jurisdiction in petty larceny cases, as they have been doing. Yesterday's decision holds that a police judge's jurisdiction cannot be in any case where the fine and imprisonment may be more than \$100 and fifty days. This would restrict police judges to misdemeanors, and invalidate that part of the second class charter enabling police judges to sentence prisoners to the lockup or workhouse for petty larceny.

Another question that the court of appeals passes on is that of "poorage." Of course this opinion will have no effect on the federal court's construction of the term, but the Kentucky court of appeals states that it believes that "crime," both in the thirteenth amendment to the federal constitution and in the state constitution, means both felonies and misdemeanors.

The decision relative to the jurisdiction of police judges, however, will prove of unusual importance, as it knocks out a section of the second class charter that had not heretofore been passed on. It means that in second class cities, as well as in third class cities, prisoners charged with petty larceny must be tried by the county or circuit judge.

City Solicitor Ed Puryear has telegraphed for a complete transcript of the opinions, and until it arrives a number of things will not be fully understood.

Attorney J. M. Worten, who is in Smithland, attending court, stated over the telephone today that he could not make a statement until he saw the court's opinion in the case. He said it was possible the decision means all the cases will have to be dismissed, but that on the other hand it may not. The suit decided yesterday was an ex parte petition filed principally to test certain questions involved.

### OUT THREE MINUTES.

Memphis Negro Sentenced to Hang For Outraging a Louisiana Woman.

New Iberia, La., April 20.—The negro Holmes, charged with outraging a white woman on Avery Island some weeks ago, was tried in the district court here today. Holmes was identified by his victim in court.

After listening to the revolting evidence, the jury retired and in three minutes returned with a verdict of guilty as charged. The judge thereupon sentenced the negro to death.

Under the law of Louisiana the governor will fix the date for the execution. Holmes came here from Memphis, Tenn. He narrowly escaped lynching when the crime was committed, and only the promise of a speedy trial by the district judge saved him.

### IN JUNE

Remains of John Paul Jones Will Arrive.

Paris, April 20.—The state department has advised Ambassador Porter that an American squadron has been sent to take the body of John Paul Jones to the United States probably in June. It is expected the French government will participate in an imposing funeral pageant when the body leaves Paris. Detailed plans have not yet been made but it probably will occur shortly before the French national holiday, June 14. Large forces of French soldiers and sailors will form the escort.

### MORE RIOTING.

Strikers Attack a Church and Are Dispersed By Soldiers.

Limoges, France, April 20.—There was more rioting by striking porcelain workers last night. They attacked a church and soldiers finally dispersed them by firing in the air.

### Y. M. C. A. AT FULTON.

Preparations Being Made to Establish One.

Fulton, Ky., April 20.—The establishment of a Y. M. C. A. in Fulton is the latest enterprise undertaken by the ministers in this city. They are receiving great encouragement from the business men and citizens in general. The railroad men here are all in favor of establishing such an institution for they realize the great advantages it will afford them. A committee has already been appointed to select a suitable location for the building and the success of the enterprise seems assured.

The South Fulton Institute has been closed on account of the lax attendance of the pupils. This is the first time the doors of this old institution of learning have been closed in many years. It was until about two years ago known as the South Fulton Normal and Business College.

### "HE'S A BEAUT."

Is Courier's Opinion of President Roosevelt as a Hunter.

Glenwood Springs, Colo., April 20.—While Courier Chapman was reticent at Newcastle, he was different when his journey was at an end and Secretary Loeb had removed the injunction of secrecy. His eyes kindled with a fire that told his admiration for the president's prowess as a hunter more than could the words at his command. One expression which the hardy mountaineer injected into his story was:

"Say, fellows, he's a beaut and no mistake. The way he scents game would make you think he was born in the mountains and had never left them. Say, now, being president don't make any difference with a man that's got the real stuff in him. Goff said he was the real thing, and did not need showing, but I did not believe it."

### SOUTHERN COLLEGES.

Will Receive Bequests From a Chicago Capitalist.

Chicago, April 20.—Gifts amounting in all to \$250,000 will be made this year to small colleges in the rural districts of Tennessee, North Carolina and West Virginia. This announcement was made today by Dr. D. K. Pearsons, retired capitalist and benefactor of many small colleges in the United States.

"I am not going to give to any rich colleges," said Dr. Pearsons. "I have a lot of colleges to choose from in distributing the \$250,000 that I have decided to send down south. I am going to pick out the very poorest and most worthy and have the money ready by May 1."

### PRISONERS PERISH

In an Effort to Burn Their Way Out of Jail.

New Orleans, La., April 20.—In an attempt to escape prisoners fired the parish jail at Pontchartroula, La., forty-two miles from New Orleans, with the result that two of them were cremated and a third fatally burned.

The dead: HENRY TAYLOR, Vine Mount, Ala. JIM REILLY, Philadelphia, Pa. Fatally burned: LUCIEN GEORGE DE LAS, La Fayette, La.

### ALL ACCEPTED.

Alleged Crooked Pension Examiners Retire in a Hurry.

Washington, April 20.—Secretary Hitchcock has accepted the enforced resignations of nine of ten members of the board of review, pension office, who were accused of approving applications for pensions of members of Pennsylvania and volunteer regiments which never served in the civil war.

### Joe Jefferson Better.

East Palm Beach, Fla., April 20.—Joseph Jefferson's physicians say his condition is much improved and now hopes for recovery.

## HYDE IS ASKED TO RESIGN POSITION

Committee Appointed by Equitable Agents to Wait on Him.

Hyde Declared It Was Insulting and Impertinent, and He Would Not Resign.

### HAS RETAINED MR. CHOATE.

New York, April 20.—After a protracted session behind closed doors, the two hundred or more general agents of the Equitable Life Assurance society, yesterday adopted a resolution calling upon Vice-President Hyde to resign, and appointing a committee to call on Hyde and present the demand.

All members have bound themselves to secrecy but it is the general opinion it will report today.

The agents went into session at 11 o'clock yesterday morning and it was 3 p. m. before recess was taken. It was learned that there was discussion over the Hyde resolution and its construction. This resolution the secretary of the agents would not give out until notified by the committee that a copy had been served on Hyde.

When the recess was taken Mr. Hyde was informed that the committee of agents would reach his office at 4 o'clock. He waited its arrival in company with his personal counsel. At 5:30 the committee had not appeared and Mr. Hyde with his counsel left the office of the Equitable.

Mr. Hyde said: "I have not seen the committee and I have not seen the resolutions, but consider them impertinent, extraordinary, insulting and most preposterous. I have no intention of resigning."

When the agents resumed their session a committee of 72 was appointed to go to Albany Friday to petition the insurance commissioner and Governor Higgins to urge the mutualization of the Equitable. Among others on this committee are C. W. Walker, Springfield, Ill.; Elmer Dwiggins, Des Moines; W. A. Sanders, Detroit; L. D. Wilkins, St. Paul; H. D. Neely, Omaha; W. J. Keating, Sioux Falls, S. D.

It was after the appointment of this committee that it was decided it would be advisable to form a permanent organization and a committee on permanent organization of the "National Association of Managers" was named. President Alexander and Second Vice-President Tarbell were brought before the convention. Both made brief speeches in which they referred to their relations with the agents and their desire to forward best the interests of the Equitable society.

The Times says that "James H. Hyde has retained Joseph H. Choate, the returning ambassador to England, as one of his legal advisers in the Equitable controversy. Negotiations were closed by cable Monday and Mr. Choate, on his return to this country about the first of June will, it is understood, take an active part in the Hyde campaign."

### Hyde Said No.

New York, April 20.—The committee of general agents of the Equitable Life Insurance Co. called on vice President Hyde today and requested him to resign.

He declined emphatically, saying that such a course would be cowardly and disgraceful.

### MORE EVIDENCE.

Of a Damaging Nature Against Judge Hargis.

Lexington, Ky., April 20.—In the Hargis trial today Moses Feltner testified that he attended a meeting between Judge Hargis and others at which the assassination of Attorney Marcum and Jim Cockrill was discussed.

Also testified that Judge Hargis offered him money to leave the country and not testify.

### \$60,000 DAMAGE

To the Fetter Publishing Company at Louisville.

Louisville, April 20.—The plant of the Geo. G. Fetter Publishing Co., at 426 West Main street, was damaged by fire this morning to the extent of \$60,000.

### VANDERBILT BURNING.

Nashville, Tenn., April 20.—Vanderbilt University is on fire and it is thought the entire building will be destroyed.

### POISON IN CANDY.

Mysterious Present Sent to a Woman in Mobile.

Mobile, Ala., April 20.—A report was lodged at police headquarters of an attempt made on the life of Mrs. Florence Hogan by means of a box of candy sent here through the mails by some unknown person, presumably as a birthday present, yesterday being her anniversary. When she opened the box she found it contained fine candy but emitted a peculiar odor and was covered with fine powder. She took it to a drug store and was informed that it contained enough poison to kill fifty people. Detectives are on the case and it is understood the government will make an investigation.

## WILL SPREAD

STRIKE AT CHICAGO IS BECOMING WORSE.

Delivery of Coal to Concern Results in Others Being Called Out.

Chicago, April 20.—Indications are that the strike of teamsters will spread to firms who delivered coal to Montgomery Ward & Co. For this reason strikers employed by Forbes Teaming company were ordered out.

The new employers teaming company began aggressive action against the striking teamsters by delivering coal to Ward & Co. Daniels & Co., a private concern, employing the union teamsters also made a delivery of coal to the firm.

Those who interfere with delivery of goods to Ward in the future will be brought before the grand jury instead of before police courts. The grand jury will be called upon to vote indictments in three specific cases where policemen had been assaulted.

### LETTER CARRIERS

May Adopt a Sick Benefit Fund For Members' Benefit.

Cleveland, O., April 20.—Officers and the advisory board of the National association of Letter Carriers met here. President Keller said the insurance and sick benefits were the principal subject for discussion. It was practically decided to recommend to the National association, which meets in Portland, Oregon, next September, the establishment of a sick benefit fund. The plan proposed will put the carriers throughout the country, no matter whether they are employed in large or small offices, on an equal footing as regards sick benefits.

### PANAMA'S ARMY

Consists of Three Men and 20 Officers.

Washington, April 20.—The standing army of the republic of Panama today consists of three men and twenty officers, and but for the fact that the statutes require that there shall be a standing army, there would not be even this remnant left. When the republic first began business there was an organized army of several hundred men.

### MURPHY STAYS

As Secretary of Canal Commission, With Station at Panama.

Washington, April 20.—It has been decided that Dominic Murphy, the secretary of the Isthmian Canal Commission, just retired, shall be continued in a like capacity with the new commission, with the same salary and allowances, but it will be necessary for him to take his station on the isthmus, where will be located the executive officers of the commission.

A part of the old force of employees necessary to conduct the business of the administrative branch located in Washington will be retained here and such of the remainder as are willing will be transferred to duty on the isthmus.

### MR. YERKES

Starts for California On Official Business.

Washington, April 20.—Hon. Jno. W. Yerkes, commissioner of Internal revenue, will leave today for California on business connected with his bureau. He will stop at a number of points in the west on business for the government returning to Washington about the first of the week in June. Mrs. Yerkes will accompany Mr. Yerkes as far as Cincinnati, going thence to Danville and other Kentucky points to visit friends and relatives for five or six weeks.

## TURNING MOVEMENT NOW IN FULL SWING

Japanese Have Several Thousand Men and 22 Guns.

France Will Reply to Japan's Note—Togo Not Expected to Show Up in the Open at Present.

### RUSSIA HAS 'EM GUESSING NOW

Yenkov, April 20.—Few transports are now arriving at New Chwang. This contrast with the rush of traffic since the opening of Liao river indicates that precautions are being taken against possible interference by the Russian Pacific squadron. Vast accumulations of stores have already been made along the Japanese lines of communication, assuring full supplies to the armies in the field, even if transport service is interrupted.

### Waiting for Pacific Squadron.

Tokio, April 20.—Although not reported directly it is believed the Russian second Pacific squadron continues the occupation of Kamranh bay or some other port of Annam, where it is expected to remain until joined by the third Russian Pacific squadron.

The report that Rojostevsky is maintaining patrol and examining neutral shipping off Kamranh increases the irritation toward France for permitting the use of that port as a base of operations.

The Japanese government continues silence regarding the presentations on the subject which has been made to France. The press, however, continues its agitation against France, demanding vigorous action.

### Beginning to Be Alarmed.

London, April 20.—The British public is only now beginning to realize how much depends on Togo's skillful conduct of the approaching naval contest. Until Rojostevsky actually arrived in the straits of Malacca there was a disposition to ridicule the efforts of the Russian squadron; but now that there is seen to be a growing likelihood of Vice Admiral Nebogoff joining Rojostevsky before the fateful struggle opens, lukewarm interest is deepening into anxiety. According to a Tokio correspondent of a news agency, a momentous war conference lasting five hours was held here Wednesday, attended by the elder statesmen, premier and ministers. It is not difficult to conjecture the nature of the council's deliberations.

### Still at Saigon.

Saigon, Cochinchina, April 20.—The Baltic fleet is still in Kamranh bay. Admiral Dejeunieres, commanding the French vessels in this region, has taken every step to secure the neutrality of France while the vessels remain in these waters.

### An Official Absconds.

London, April 20.—A dispatch from St. Petersburg says that there is a sensation caused there by the announcement that a prominent member of the council of the ministry of finance absconded, after embezzling a hundred and thirty thousand roubles from the treasury fund for supplying the army with provisions. Active search is being made for the official.

### France Will Reply.

Paris, April 20.—The report that the Japanese have protested through Dr. Motono, Japanese representative here, that the continuance of the Russian fleet in Kamranh bay is a breach of neutrality and have asked for an investigation, is confirmed. Minister of Foreign Affairs Delcasse has replied courteously. He said the information asked for would be furnished, but it would require time to obtain the facts and data.

### Strike Is Spreading.

St. Petersburg, April 20.—The general strike on the trans-Caucasian railway is spreading and train service is suspended. It is difficult to even send a telegram.

### Will Not Fight in the Open.

St. Petersburg, April 20.—The keenest interest is manifested in the dispatches referring to the Russian squadron commanded by Admiral Rojostevsky, but the admiralty claims to be as much in the dark as the public regarding the plans of the admiral. The report that part of the squadron was sighted off Hong Kong is not credited here, however, as Hong Kong is far off his route.

The main question now agitating the naval officials is whether Rojostevsky will elect to proceed northward through the Straits of Formosa or bear off into the Pacific through the Bashi Channel south of the island of Formosa, or Ballintang Channel

north of the island of Luzon. The contention is growing stronger that the Japanese division is concentrating close to the shores of Japan and it is also believed that Admiral Togo will decline to give battle in the open sea.

This is what the admiralty hopes for as it believes Rojostevsky would have more than an even chance if the two squadrons lined up in an open fight. They believe that Togo's tactics will be night torpedo attacks in attempts to scatter the Russian ships, putting some of them out of action and then picking off the damaged vessels in the morning, as it is recognized that if one of the Russian ships is injured it might be too dangerous for the whole squadron to stand by her and thus offer a big target for the Japanese torpedoes. Such a running fight accompanied by night torpedo attacks is what is most dreaded.

The admiralty has no confirmation of the reported cutting of the cable connecting the island of Formosa with the Chinese main land at Foo Chow, but it is pointed out that even if true this would not sever communication with Formosa, as there is a direct cable from Kalung running by way of the Luchu Islands to Japan.

### Turning Movement Begins.

St. Petersburg, April 20.—A telegram from Chan Chevadski, Manchuria, says that the Russian patrol report a turning movement begun 80 miles northwest of Kwanchentsi.

Two forces are participating, each composed of three thousand Chinese and several thousand Japanese, the latter supplied with 22 guns.

### France to Act Fair.

Paris, April 20.—The foreign office said today that the French ambassador at Tokio had not received any protest from Japan in regard to the alleged breach of neutrality in Indo-Chinese waters. "All we can say at present," said the official, "is that we are determined to act with fairness and not sanction any violations of neutrality."

### MORE DELAY

Jury Secured in Nan Patterson Case—Court Adjourns Until Monday.

New York, April 20.—The jury which is to decide the fate of "Nan" Patterson on trial for the third time upon a charge of murdering "Caesar" Young, was completed last night, when Recorder Goff adjourned court until next Monday.

Miss Patterson is to again face a jury composed almost entirely of married men, only one of the accepted panel being single, one a bachelor, the other a widower.

Most of the jurymen are men of middle age and beyond. Many of them have large families, some grown daughters who are married.

It is announced that the defendant will take the stand again during the present trial and tell her story of how Young met his death.

Attorney Levy announced today that he had new witnesses who will establish the innocence of Nan Patterson beyond doubt.

### HEAVY LOSSES

Will Be Suffered by Georgia Peach Crop as Result of Cold Wave.

Atlanta, Ga., April 20.—After a trip through North Georgia, State Entomologist Smith said:

"There is no doubt about the fact that 75 per cent. of the peach crop north of Atlanta is a total loss as the result of the recent cold weather. All the orchards throughout that section have suffered, some more than others, but from personal examination and information from various sources I feel safe in saying that there will not be more than one-fourth of a crop in this section."

### THE PRESIDENT

Receives Important Messages From Secretary Taft.

Washington, April 20.—Secretary Taft received a telegram from Secretary Loeb at Glenwood Springs, Colo., stating that he had transmitted to the president two long messages from Taft summarizing important matters of business, particularly relating to South America, which have occupied his attention since the president's departure. Loeb adds that he expected to hear from the president today and to be able to return an answer to these communications.

### Followed an Old Custom.

Vienna, April 20.—Following an ancient custom, Emperor Joseph today performed the ceremony of washing the feet of twelve aged men. Following the ceremony, the old men were presented with gifts by the emperor.

### Bought Ann Arbor Road.

Cincinnati, April 20.—Rudolph K. Leybolte & Co., bankers, announced today that they have purchased the Ann Arbor railroad from the Gould interests.

## CHILD'S BODY WAS FISHED OUT OF PIT

Was Seen Floating Back of a Slaughter House.

Was Badly Decomposed, But City Physician Pronounced It Body of Male Child, Matured.

### THE CORONER TOOK CHARGE.

Luther Durrett, Rice Thornton and E. C. Ecker, residents of the North Side, made a greswome discovery this morning shortly before noon in a gravel pit near the Durrett slaughter house on North Sixth street. The men saw something peculiar looking floating about in the pit and on raking it into the bank, found it to be the body of a child.

The men notified Coroner Crow who went to the pit, swore the men and took what evidence he could in regard to the find. The men were passing the pit and being attracted by the foul smell and seeing the body floating, thought it best to investigate.

Coroner Crow took the remains, which were pretty badly decomposed, but not enough to prevent distinguishing the sex and color, to his office to prepare them for burial. City Physician Bass examined the body and found it to be that of a male and pronounced it fully matured. It could not be determined whether it was born dead or alive.

Coroner Crow has secured all the information possible, but the police will look into the matter and see if it is possible to secure a clue by which the case may be worked up.

### FILES INJUNCTION.

Railroad Contractor Tired of Annoyance of a Girl.

Knoxville, Tenn., April 20.—A sensational turn was given the litigation of W. J. Oliver, millionaire railroad contractor of this city, with Miss Nannie Cross, of Atlanta. She is suing Oliver for \$100,000 for alleged breach of promise. The new status of the litigation is made by the filing of a bill by Oliver against Miss Cross, enjoining her from hounding him and members of his family by calling herself Mrs. Oliver in stores and continually telephoning him and by numerous other alleged nuisances.

The bill claims that Oliver settled with her for some \$3,300 June 3, 1903, the day following his marriage in Clarksville.

Miss Cross is enjoined in this and other states from interfering with Oliver's railroad construction work, particularly in Georgia, where he is double-tracking the Southern railway, and where under the claim of being his common-law wife, he claims, she is attempting to bring suit and attach his property.

### NOT INSULTED.

Sixty Injured During Strike Rioting at Ponce, P. R.

San Juan, P. R., April 20.—Santiago Iglesias, the local organizer of the American Federation of Labor, who has arrived at the scene of the strike, confirms the statement of President Sanchez of the local organization at Ponce that the American flag was not insulted or torn when the police dispersed the Ponce gathering April 17. He says sixty persons were injured during the strike at Ponce, but nobody was seriously hurt.

The strikers demand an increase of wages and shorter hours. About 14,000 men are out on strike in the midst of the canning season, and the delay is injurious to the crops.

### LODGE INDICTED

For Running a Cafe Without Paying a License.

Mason City, Ia., April 20.—The grand jury has returned an indictment against the official directory of the Elks' lodge of this city for selling liquors without license.

The Elks maintain a club house and in it is conducted a buffet, which was an issue in a recent campaign. The club will pay a \$300 fine and abandon the buffet in compliance with public sentiment.

### MOTOR BOAT MISSING.

The Gregory Sailed for Gibraltar But Has Not Arrived.

Gibraltar, April 20.—Anxiety is felt here for the safety of the American Gasoline Motor Boat Gregory, which left Ponte De Lagada, in the Azores, April 5. The boat was bound for Gibraltar and no news has been received since she sailed.

## KENTUCKY NEWS TOLD IN PARAGRAPHS

**Bryan Spoke in Kentucky.**  
Williamsburg, Ky., April 20.—The Hon. William J. Bryan lectured to a large crowd here. While here Mr. Bryan promised \$500 from the Bennett fund, of which he is trustee, to endow a scholarship in the Williamsburg Institute. He was much impressed with the educational demands of this section of the mountains of Kentucky and the superior advantages of this school to advance the cause of education and morality among the young people of the Kentucky mountains.

**Girl Summoned On a Jury.**  
Owensboro, Ky., April 20.—For the first time as far as any one knows in the history of Kentucky a young woman has been summoned on a federal jury. Miss Fletcher L. Gregory, a pretty girl of eighteen, received an official document through the mail demanding her to appear at the May term of United States court in this city and act as juror. The young woman is preparing for a trip to Colorado, and when she read the contents of the letter she turned pale, knowing that she would miss the trip if she had to serve as a juror. The jury commissioner in this city was appealed to, and it was found that a mistake had been made in sending the summons to the young girl. It was intended for her father, A. V. Gregory.

**Death at Hickman.**  
Fulton, Ky., April 20.—Charlie Maxey, an old and highly respected resident of West Hickman, died of a complication. He leaves a wife, two step-children and a brother.

**Newport's Man's Sudden Death.**  
Newport, Ky., April 20.—Edward H. Lear, known all over the country through his connection with the Wiedemann Brewing company, died suddenly while seated in his private of-

ice. Ten minutes before he succumbed he had conversed with Charles Wiedemann, but did not complain of feeling ill. Heart disease caused his death. He had been general manager of the sales department for fifteen years.

**Newspaper at Frankfort.**  
Frankfort, Ky., April 20.—W. P. Walton, of Lexington, has closed a deal for the purchase of the Kentucky Journal, morning Democratic daily, here. He will take charge Monday next.

## EVANSVILLE MEN

WILL COME DOWN ON THE QUEEN CITY.

Will Board the Steamer at Evansville and Accompany the Party to Cairo.

Says yesterday's Courier-Journal: "Capt. I. Odell, secretary of the local branch of the Ohio River Improvement society, returned this week from Louisville, where he has been conferring with upper river men concerning the reception of the members of the rivers and harbors committee who will leave Pittsburgh May 10 for a tour of the Ohio."

"In conjunction with Captain Odell Colonel Frank Posey yesterday sent out notices to the members of the local branch of the river society and to the members of the E. B. A. and E. M. A. asking them to meet at the Business Men's hall tonight to select a number of delegates to make the trip from here to Cairo with the committee on board the steamer Queen City, which has been chartered by the O. V. L. A. and on which the congressmen will make the trip down the Ohio as the guests of the association."

"The rivers and harbors committee men will be entertained while here in great style. Just what the exact program of the day will be has not yet been settled. It is likely to comprise a spread at the E. B. A. banquet hall and possibly a carriage tour of the city."

## GOT AWAY

Officers from Marshall County Seeking Alleged Fugitive.

Sheriff Dave Reeves, of Benton, Marshall county, returned home this morning after coming here in quest of an alleged criminal he did not catch.

Sheriff Reeves is after Silas Stegall, who is alleged to have taken a raft of 700 logs belonging to the Singer Sewing Machine Co., at the mouth of Duck river several days ago. The logs were broken loose with a rise and wind and caught at the mouth of Duck river. The agent for the company started after them but found them gone. He came on down the river and located his raft, part of which had been disposed of. With officers the agent began scouring the country for Stegall and it is said succeeded in getting him once but he escaped. Yesterday it is said he was located near Gilbertsville but managed to elude the officers again.

**Mrs. Brockwell Better.**  
Mrs. Mary Brockwell is still in a nervous condition and is mentally suffering a great deal, County Physician Pendley thinks. She has not improved much since seized by the attack of nervousness two days ago, but Dr. Pendley thinks her condition is not serious. Few visitors come to see her now and her confinement seems to be having a more depressing effect.

AUDITOR'S AGENT  
FRANK LUCAS WINS

Court of Appeals Decides He Holds Four Years.

Paducah Official Has Made a Hard, But Victorious Fight to Hold His Place.

HAGER CANNOT APPOINT NOW.

Auditor's Agent Frank Lucas, of Paducah, has won a final victory in Kentucky which entitles him to hold for four years, or over a year longer, under Former Auditor Coulter's appointment.

The court of appeals has just decided the case that went up from Frankfort, where he brought a mandamus suit to compel the present auditor to accept a renewal of his bond, which Auditor Hager had refused to do.

A Frankfort dispatch says: "The court of appeals today, in affirming a judgment of the Franklin circuit or state fiscal court, holds that State Revenue Agents appointed by former Auditor Gus G. Coulter under the provisions of the revenue act of the 1902 legislative session hold their offices four years from that time, and that they cannot be removed at the pleasure of the auditor."

The ruling is announced in a case of S. W. Hager, auditor, against Frank A. Lucas. The act of 1902 became a law in June of that year, and Lucas was appointed in August following for a term of four years. When Auditor Hager succeeded Mr. Coulter he took the stand that the revenue agents were removable at the pleasure of the appointing power, and declined to approve a new bond which had been filed by Agent Lucas. This action was then filed to settle the question as to the term of such officials. The circuit judge ruled against the auditor, and an appeal to the higher court was taken. The opinion of the appellate court was delivered by Chief Justice Hobson.

In upholding the judgment of the court below the court here says in part:

It is insisted for the auditor that the revenue agents are in effect his clerks appointed by him for the purpose of better discharging his duties in the collection of the state revenue; that they occupy toward him a personal relation; that one auditor should not have the power to appoint a number of these agents and impose them upon his successor. \* \* \* While it is an argument that might be addressed with great force to the legislature the language of the statute is free from ambiguity and must be enforced according to its plain meaning. The first act creating auditor's agents became a law April 29, 1880. It provided they should be subject to removal by the auditor at pleasure. The act of 1902 was passed during the term of Gus G. Coulter as auditor. The legislature knew that his term would expire in about two years after that act was passed, and with this knowledge it expressly provided that the term should be for four years. By section 4259 they are required before entering upon their duties to execute bond and to take the oath required of other officers. They are thus constituted officers of the commonwealth holding for a fixed term and acting under bond. Their duties are prescribed by law and in many matters they may act independently of the auditor and without his consent, as in assessing omitted property under section 4241 of the Kentucky statutes. The purpose of the legislature seems to have been to make them more independent and to secure a better class of men by giving them a definite term. There has been a session of the legislature since the term of appellant began and the act of 1902 was not amended or modified. The statute confers upon the auditor of public accounts the power to appoint one revenue agent in each county of the state and in addition four such agents from the state at large. When the power of appointment has been exercised it is exhausted and no other appointment can be made during the term of the appointees except in case of vacancy.

Agent Lucas has had a hard fight to make, but he has staid with them at every stage of the game, and his final victory will be a source of gratification to his many friends here and elsewhere.

This decision means that the appointment of Attorney James Campbell, Jr., of Paducah, as auditor's agent to succeed Mr. Lucas, and the appointment of several others throughout the state by Auditor Hager, are void, the appointees of Former Auditor Coulter holding good from June, 1902, to June, 1906.

## HEALTH MATTERS

A NUMBER OF UNSANITARY LOCALITIES REPORTED.

The Board of Health Expected to Meet Soon to Consider Various Matters.

Dr. J. W. Pendley, president of the board of health, is receiving many complaints of the bad sanitary condition of the city and has referred several of them to the city.

There is an open well into which sanitary drainage runs, on Trimble street, and it is said an indictment for nuisance was to have been returned, but was held up pending the action of the property owner who promised to close it. This city has this matter and will see that the well is closed.

There is a small pond near Nineteenth and Jefferson street into which sanitary drainage is alleged to be run, and this matter will be attended to immediately.

In the vicinity of 15th and Court streets, a number of dead dogs and goats were found and the city will remove them today and issue warrants against persons making that a dumping place for dead animals, if they are caught.

Dr. Pendley stated this morning that he intended calling a meeting of his board soon, if it is necessary to confer with the joint committee of the legislative boards relative to placing the control of sanitary officers in the hands of the board of health.

MORE EVIDENCE

Found in the Case Against the Cairo Negro.

Cairo, Ill., April 20.—Officer Wilson has secured additional evidence against the negro, Charlie Williams, arrested on suspicion of having murdered Bartender William Parr, at the Kentucky House.

So far the only motive for the crime that has been found, is the threat of Williams, after a quarrel to "get even." This fact coupled with the one, that the negro made a desperate effort to escape leads to the belief that he is the guilty party.

Additional evidence has been found which will no doubt result in the holding of Williams for the next grand jury. The negro, who was slightly injured by a shot fired by Officer Wilson when he made an attempt to escape, is rapidly recovering from the slight wound inflicted.

Excursionists on the steamer Island Queen passed through a very unenviable experience last night, when the big steamer started back to Paducah from below Metropolis.

The boat left Paducah shortly after 8 o'clock and ran a short distance beyond Metropolis. She turned and started back and in the harbor got aground. This happened about 10:30 o'clock and the big boat remained on the bar four hours, arriving in Paducah at 3 o'clock this morning. Many excursionists danced the en-

tire time but others went to sleep, wherever it was possible to find a place. The boat was not damaged by the accident but some of the passengers lost a great deal of sleep and as a result there are many half closed eyes in town today.

## WANT STREETS OPEN TO THE I. C. SHOPS

Petitions to Extend Clark and  
Thirteenth Streets.

Board of Works Able to Carry On  
No Work Except That of a Few  
Sidewalks.

### REGULAR MEETING YESTERDAY

The residents of West Clark street are preparing to petition the general council to open Clark street through the hollow to the Illinois Central yards. It will have to be done some day, and it is deemed a good time to start it now when there will be much dirt available from the street reconstruction to make the necessary fill.

The opening of 13th street from Jackson to the I. C. shops is also desired by the residents, and both will likely be placed before the legislative boards at an early date. The opening of streets here would not only be a great advantage to the people of that locality, but to the entire city as well.

Yesterday afternoon at the board of works meeting it was ordered that the city engineer at once get the necessary material for laying new piping under Third street for drainage in order that when the street is paved new, strong pipe will be used and possibly prevent the future tearing up the street to repair the drainage. No storm water sewerage will have to be built on Third street owing to the fact that the street drains towards the river instead of up or down the street.

The city engineer was ordered to prepare specifications for the pavements on Jefferson from Second to Ninth and on Kentucky from Fifth to Ninth, this being about all the work the city is going to undertake at present.

Street Inspector Elliott was ordered to put Clark street beyond Ninth street in good condition, the concrete pavements having been completed.

The street roller was reported to be doing good work, and will shortly be worked on Caldwell street towards the passenger depot to repair the thoroughfare.

Mr. James T. Morris, of the Barber Asphalt company, is here looking over Third street specifications with a view to bidding on the work.

Two trimmers' carts for the light department have arrived from Flint, Mich., and are a great improvement over the old buggies used for several years in replenishing the carbon for light.

### Weather Almost Too Chilly.

The Island Queen excursions yesterday afternoon and last night under the auspices of the Elks were enjoyable, but on account of the cool weather the crowds were not so large as they would otherwise have been. In the afternoon about 150 went out of Paducah and several hundred were brought from Metropolis, and in the evening about 500 went from Paducah.

## HOW THE DATE FOR EASTER SUNDAY IS ALWAYS DETERMINED

The late arrival of Easter this year renews attention to the difference that exists between the astronomical full moon and the ecclesiastical full moon, by which the date of the festivities is determined.

Archdeacon Sinclair of London, makes this statement on the subject: "The question is a very complicated one, and it is, therefore, impossible to go into it at full length. I will however give it in outline. There was in early times a difficulty about the correct way of reckoning Easter. The churches of the East kept it on the same day on which the Jews celebrated the Passover—the fourteenth day of the month Nisan, which month began at the new moon next to the vernal equinox. The western churches kept it on the Sunday after the Passover.

"The Council of Nicaea (325 A. D.) ordered that it should be invariably kept on the same day with these rules:

"1. That the twenty-first day of March should be accounted as the vernal equinox.

"2. That the full moon happening upon, or next after, March 21, should be taken for the next full moon of Nisan—that is, the ecclesiastical moon.

"3. That the Sunday next following should be Easter day.

"4. If the full moon happen on a Sunday, Easter day should be the Sunday afterwards.

"These full moons were determined by a cycle of the moon of nineteen years, invented by Melon. The Athenians, 432 years before Christ, the years in the cycle received the name of the Golden Number.

"This system was erroneous, because the nineteen years cycle was too long and also the Julian year, by which they reckoned, exceeds the truly solar year by eleven minutes. The calendar was, therefore, corrected about 290 years after by Dionysius Exiguus, a Roman, which correction lasted from 534 A. D. to 1582. Then Pope Gregory XIII again reformed the calendar, and brought back the vernal equinox to March 21. This reform was introduced into England in 1752, in which year September

ber 3 was called the 14th, and 11 days were suppressed.

"The ecclesiastical full moon still depends on March 21 being considered the vernal equinox which as has been shown, is liable to variation, so that the ecclesiastical moon and the astronomical moon are not always identical.

"This year the actual full moon after which Easter comes is on April 20, and the previous full moon is on March 21 which is the supposed vernal equinox. This year, therefore, by the calculations of the ecclesiastical moon, Easter comes a month after the vernal equinox, or actually April 23."

### LARGE CROWD

Will Be Brought to Carnival From Illinois.

Arrangements have been made for three big excursions into Paducah during carnival week, when a train load in two sections will come over from Carbondale, Du Quoin and Herion, Ill., and way stations. Messrs. McEwen, Boyd and Thompson, of Carbondale, were in the city last evening to confer with the carnival association and agreed to run the trains if the association would pay for two bands, one on each section of the train. The excursion will be on Thursday of carnival week and the promoters are confident they will bring in 1500 people. The celebrated Murphyboro band will accompany one crowd, it is said.

### Jury Out Eight Days.

Memphis, Tenn., April 26.—After being out eight days the jury returned a verdict of guilty against B. L. Pettigrew, the slayer of Joe Hall, fixing his punishment at five years in the penitentiary. The killing occurred at Collierville, Pettigrew charging Hall with interfering with his love affairs by writing Miss Lavins, of Vicksburg, Miss., that Pettigrew was a married man.

Hairless men should confine their statements to bald facts.

## TO PHILIPPINES

LARGE PARTY OF DISTINGUISHED AMERICANS WILL GO ABOUT JULY 1.

Many Ladies Will Be in the Delegation—All Guests of Philippine Government.

Washington, April 19.—The bureau of insular affairs of the war department has given out the following information relative to the trip of the secretary of war and party to the Philippines Islands:

The following is the personnel of the official party: Secretary Taft, Ethel Root, ex-secretary of war; Senators Allison, of Iowa, and Daniel, of Virginia; Dubois of Idaho; Foster of Louisiana; Long, of Kansas; Newlands, of Nevada; Patterson, of Colorado; Scott, of West Virginia; Stone, of Missouri; Warren, of Wyoming; Speaker Cannon; Representatives Bourke Cockran, of New York; Cooper, of Wisconsin; Crumpacker, of Indiana; Curtis, of Kansas; DeArmond, of Missouri; Foss, of Illinois; Gillett, of Massachusetts; Grosvenor, of Ohio; Hepburn, of Iowa; Hill of Connecticut; Howard, of Georgia; Jones, of Virginia; Longworth, of Ohio; McKinley, of Illinois; Payne, of New York; Scott, of Kansas; Sherley, of Kentucky; Smith, of Illinois; Watson, of Indiana; Col. Edwards, chief of bureau of insular affairs; Fred W. Carpenter, private secretary of the secretary of war.

The following are the members of families and others who are to accompany the party at their own expense:

Miss Roosevelt, Miss Beardman and Miss McMillan, of Washington; Mrs. Senator Dubois, Mrs. Senator Stone, Mrs. Representative De Armond, Mrs. Representative Clark, Mrs. Representative Hepburn, Mrs. Representative Hill, Mrs. Representative Payne, Mrs. Representative Smith, Mrs. Representative Jones; son of Secretary Root; William Reayburn; Major W. Austin Wadsworth, Mrs. Wadsworth, Rogers K. Wetmore.

They will take passage on the Pacific mail steamship Manchuria July 1. The steamer will touch at Honolulu, Yokohama, Kobe and Nagasaki, then go straight to Manila, where the party will remain about ten days. In addition to the other questions the determination of the railway problems made possible by the Cooper law, which was passed at the last session of congress, will be accomplished. Secretary Taft, ex-Secretary Root and Col. Edwards have much to do with this question, and it is expected that the details will be worked out and a definite proposition submitted for the approval of the secretary of war by the time of the arrival of the party.

The party then will take a government transport, possibly the Sheridan, and spend about twenty days visiting the points of interest, especially the commercial ports in the southern islands, and returning, the Pacific mail steamer Korea will touch at Manila and take the party home, stopping at Hong Kong and probably at the same ports in reverse order, and sail from Honolulu to San Francisco, arriving at San Francisco about October 1.

It is stated that all parties will pay all their expenses to and from San Francisco, except the railroad fare. The expenses of the trip will be borne by the Philippine government, as the party visits the islands as the guests of that government.

## BIG EVENT

WILL BE THE TRIP OF RIVERS AND HARBORS COMMITTEE.

Improved Ohio Will Mean Much to Real Estate Owners Along the Waterway.

The trip of the congressional committee down the Ohio is looked upon as one of the most important events in the history of the development of the valley, as no similar committee ever made such an excursion. Time will be taken for a complete investigation of the conditions and needs of the river development. The Inland Navigator says: "What an improved Ohio will mean for the real estate along the Ohio river bottoms is amply shown in the rush which is now on between Pittsburg and Beaver to secure manufacturing sites. Farms on the river bottom, which could have been bought for \$5,000 or \$10,000 a few years ago, are now held at \$25,000 and over. The increased price is entirely due to the fact that the river will be slack-watered along

this stretch within the next two years. It would require ten or fifteen years' steady work to slack-water the Ohio river to Cairo. The increased value of real estate along the river would pay for the improvement several times, even if it cost the highest figure named in estimates, \$100,000,000. For this reason every farmer on the river is interested in this movement, while owners of city realty are already awake to the possibilities of the situation. That it is coming is assured."

### FLAGMAN KILLED

Was Crushed at Humboldt, Tenn.—I. C. Man Loses Foot at Cairo.

Flagman James Russell, of the Mobile and Ohio, well known among railroad men, was killed yesterday afternoon at Humboldt, Tenn. Russell was making a coupling between a couple of cars when the engine unexpectedly "bumped" into one of them. He was caught between the bumpers and crushed to death.

Albert Steel, a switchman employed by the Illinois Central, fell under the wheels of a switch engine yesterday afternoon. His right foot was badly crushed and amputation was necessary. Steel jumped from a car, but his coat caught on one of the bolts and he was thrown to the ground.

## CLEAN PREMISES.

People should clean up their premises. They never know to what extent death and disease may be lurking in the ash pile, swill barrel, the unclean alley or the weed-grown yard.

Louisville has an enterprising, progressive health officer, who is constantly giving good advice. Here is some of his latest, and its good for all people and places:

"It is contrary to all ideas of cleanliness to dump garbage in any low place that may be large enough to receive it. This is certainly not garbage disposal, but only the removal of filth from one location to another. The germs of deadly disease are deposited on dump piles, coming from the ash barrels of infected houses, and are in turn carried by flies, mosquitoes, cats, rats, and dogs, and by the winds into the homes of our people, who are thus made ill, and not infrequently death comes from such out-of-date, outrageous practices.

"These public dumps are made the receptacles for old mattresses, rags and filth of every description. They are unsightly, unsanitary and discreditable.

"If all would take a pride in their premises we would have less flies and mosquitoes to contend with during the summer months," said Dr. Allen. "Such pests breed in old bottles and tin cans that are allowed to litter many of the yards. There is no greater germ-bearing pest than the fly. They swarm over garbage dumps, and then enter the home, where screens are not provided, carrying disease germs with them.

"Cleanly premises, plenty of white-wash and screens are most essential in summer."

The board of health is receiving many complaints here in regard to unsanitary acts all over the city, especially of throwing carcasses of cats, dogs and rats and even larger animals in alleys and gutters. President Pendley says he will secure warrants on complaint to him and this is exactly what should be done. If the fact is impressed on the minds of the people that they will have to go into police court and explain why they are so filthy and indifferent to health, public and private, and perhaps made to pay for it, they will soon get over it. It is to be hoped that the board of health's promise is not mere buncombe, as it usually is.

The general public, which is paying the taxes, is putting up interest on the bonds it voted for public improvements, and wants the improvements it voted the money to pay for, is powerless to do anything in the matter of having the work done this year, but it will remember a few things in November, when some of the obstinate officials sob up for reelection. Of course these officials can't help being of small bore, but

they should take warning now, and if they do not want to be repudiated as the members of the board who ran last November were repudiated, they should start this public work for which the city has all the money ready.

The city seems to be rid of its chaingang suits. Now is a good time to do away with this system of working prisoners. The charter clearly intends cities of this class to have workhouses. The work the prisoners have done on the streets has never been such as to pay for keeping them. The women prisoners who fall to pay fines cannot be worked at all, because Paducah has no workhouse. Street work and cleaning should be done under the supervision of the board of works, and under the direction of capable foremen or overseers. With premises connected with the sewerage, and a reasonable co-operation of citizens in keeping the sidewalks in front of their homes clean, city prisoners can be used to better advantage than by working them on the streets. Judge Sanders has for years advocated a workhouse. Now is a good time to get one.

John R. Davies was Tuesday re-elected mayor of Jacksonville, Ill., by an increased majority, largely, it is said, because of sixteen indictments that had been returned against him at the instance of the law and order league. It does not always pay to persecute an official.

It does not take even a stranger long to size up some of our city officials. Their wonder, however, is not at the kind of men we have in office, but that they were ever able to get there.

## MORE SIGNERS

To Muster Roll for New Military Company.

Mr. Zack Bryant, who is organizing a military company here for the state guards, is still meeting with encouragement.

He has already received the applications for 25 members and hopes to get the full 40 to 50 members within two weeks. The company will be mustered in immediately after the requisite number is secured and fully equipped at once.

Mayor Yeiser has written to Frankfort in regard to the city's getting the next encampment, and received an acknowledgment together with the assurance that Paducah's application will be given due consideration.

## Gentry Bros.' Parade.

The magnificent street pageant that will leave the exhibition grounds promptly at 10 a. m. on Tuesday, April 25, show grounds, 12th and Trimble street, the date of the coming of Gentry Bros.' Famous shows, will be a revelation to those who have been bewildered at the dazzling splendors of these shows on previous visits here. This season the Gentrys have a new and beautiful street innovation, the most gorgeous vehicles of pagentry and pomp ever designed and constructed. This tremendous free spectacular street carnival this season is the elimination of a genius possessed only by past masters of the art artistic groupings. The inventiveness of builders and the skill of artificers has been exhausted in the creation of these parade glories, which are surrounded with every circumstance of regal glory. In the way of trappings and accoutrements. The afternoon performance begins at 2 o'clock, the evening exhibition at 8.

## Wants \$7,500.

Louisville, Ky., April 20.—Patrick Curley, the blacksmith who has a shop on one corner of the new armory site, with a five years' lease, and who has refused to make way for the new building, proposed to the fiscal court to accept \$7,500 to vacate. Fiscal court pronounced this exorbitant, and instructed County Attorney Bingham to take steps to oust Curley.

## PRISONER'S BODY HANGING IN CELL

Ed Mayo Committed Suicide in the Lockup Yesterday.

Was Arrested for Assaulting the "Do Right" Preacher—Strangled to Death.

FOUND AT 5:05 P. M. O'CLOCK

Ed Mayo, a colored Illinois Central brakeman, could not stand the humiliation of being locked up in the city prison, and hanged himself late yesterday afternoon in the lockup. His body was found swinging to one of the water pipes by Chaingang Overseer Joe Purchase about 5:05 o'clock.

The last time Mayo was seen alive was about 4:30 o'clock when he asked a colored female prisoner for a match.

The rope had been left hanging somewhere in the corridor, and was easily obtained by the prisoner.

When Overseer Purchase went into the corridor at 5 o'clock he was startled to see Mayo hanging to the rope, but it did not dawn on him for an instant that it was anything but a joke, or possibly some ruse of the prisoner to make his escape.

He shouted to the motionless body to know what was the matter, and receiving no reply perceived that Mayo was dead. He then called for assistance and Acting Captain Will Baker and several others from the chief's office, ran downstairs.

Charles Leverter, another prisoner, held the body while Detective Baker cut the rope. Mayo had been swinging with his right foot barely touching the floor. The rope had been attached to the water pipes above the cell, and death resulted from strangulation.

Coroner Crow was called and after viewing the remains ordered the body taken to the Paducah Undertaking establishment.

Coroner Crow this morning at 10:15 held an inquest at the Nance & Pool undertaking parlors, assisted by County Attorney Eugene Graves. He heard five or six witnesses.

The evidence developed the fact that Mayo was left in the lockup corridor just outside the cells for colored prisoners, not having been tried in police court.

The rope he used was such as is usually found on windows to support the weights. It is used about the lockup to tie up the shackles of the prisoners, and keep the chains from dragging, and pieces of it are hung up around the walls with the chains, balls and shackles.

It is supposed Mayo got the rope yesterday at noon when he ate dinner, and concealed it in his pocket. He told one or two persons that he was going to kill himself, as he "was in trouble," but no attention was paid to him.

He evidently went about self-destruction in a calm, deliberate way, no one else was in the lockup at the time. He first tied the rope to the water pipe along the ceiling in the corridor and then tied the other end about his neck. He did not use a slip knot, or noose, but tied two hard knots, one on each side of his neck.

He then stepped off the bench, and strangled to death. He was found soon after 5 o'clock and the body was still warm.

City Jailor Tom Evitts stated that Mayo formerly worked under him on the railroad, and was usually a hard-working, well-behaved negro.

Nothing was developed in regard to any trouble he had except that with the colored preacher.

There was not a scrap of paper or anything else found on Mayo. The following verdict was returned by the jury:

Paducah, Ky., April 20.

"We, the jury, after hearing the evidence in the case, find that Ed Mayo, lying before us dead, came to his death by hanging himself."

(Signed.) J. HENRY SMITH,

W. H. MCCONNELL,

R. P. ALLEN,

W. M. SMITH,

CLEM FRANSIOLI,

W. S. GARVEY.

Mayo was about 35 years old and a well-known colored man, especially among railroaders. He was in the lockup for a breach of the peace.

He accused J. C. Dean, the "Do Right" preacher, it is said, of causing trouble between him, Mayo, and Caroline Hill. He claimed to have been taking care of the woman for several years, giving her all his money, and that she a few days ago stole \$20 from him and gave it to the preacher. He obtained a warrant for her in Justice Young's court, and the case was transferred immediately to the grand jury.

After the preliminary hearing had come up before Justice Young, however, the preacher and Mayo met at Seventh and Ohio streets and had a fight, in which Mayo is alleged to have beaten up the preacher and kicked him when he was down. The case was called in police court yesterday, and it developed that Mayo

had done more than at first thought, so he was ordered locked up until the case was finished today, having previously been out on his own recognizance.

His home was in Alton, Ill., but he had been about here for several years. He has a mother and other relatives there, and they telephoned Coroner Crow today that they wanted to take the remains there for burial.

## Juvenile Race War.

Louisville, April 20.—At the trial of Delbert Collins and Percy Frey, 14-year-old negro boys, for shooting Malcolm Williams, a white boy, the history of one of the juvenile race wars in Louisville was given. These affrays have resulted in one murder Joseph Meyers, white, having been stabbed to death by Charles Williams, colored. Collins and Frey were members of a crowd of colored boys that have been engaging in battle with white boys around Twelfth and Congress. The colored boys finally decided to get a revolver and "kill the white kids off." They purchased the weapon and in the next encounter fired on the whites, wounding Malcolm slightly. Collins was sent to the reform school and Frey held to the grand jury.

During the trial Harry Williams, 13 years old, was placed on the stand. The prosecuting attorney said to him: "You've got your man already, haven't you?" "Yes," responded the pickaninny. "I got him all right." It developed that he referred to killing William Clark, a blacksmith, whom he shot at Seventh and Green streets two years ago, escaping through plea of accident.

## Theatrical Notes

A week of hilarity and merriment with the Boston Ideal Opera company, providers of comedy and high-class singing and incomparable production of "Fra Diavolo," the world's famous musical comedy is to be presented at The Kentucky next week.

The music is said to be melodious, the girl choruses, solos, duets, quartets and sextettes are positively the limit of beauty and talent. The comedy parts and the staging are by the comic opera comedian A. C. Burgess, which is by itself a guarantee and goes without saying that it is a capital production. An all star cast including Miss Florence Glover, Miss Lillian Shattuck, Miss Kittie Gobbler, Miss Myrtle Meridith, Mr. A. C. Burgess, Mr. Ed. L. Weston, W. H. Burgess, Mr. Ed. F. McCunnish and Mr. W. A. Andrews. The Boston Ideal Opera company will appear for a week playing matinees Wednesday and Saturday. Ladies free Monday night, usual conditions.

Mr. Harry McCunnish and Miss Glover, two of the leading singers with the Boston Ideal Opera company at The Kentucky theatre next week, will be remembered as two of the principals in the summer opera company at Wallace park two seasons ago. They both have many admirers here.

## Licensed to Marry.

The following marriage licenses were issued late yesterday afternoon: Thomas W. Black, aged 31, and Laura B. Hammond, aged 23, of Caldwell county; Cecil W. Trotter, aged 27, and Flora Jones, aged 23, of the city; W. E. McIntosh, aged 22, and Pearl Harper, aged 20, of Florence Station.

A restraining order has been issued by Circuit Judge Reed in the suit of Brack Owen and others against the city to prevent the collection of taxes on the island opposite the city, or the sale of the property for failure to pay taxes. The case comes up at the next civil term of court.

## Smithland Court.

Will Procter, colored, who was charged with striking Frank Young aboard the John S. Hopkins near Birdsville and knocking him into the river, causing him to drown, was yesterday given twenty-one years for manslaughter. Both were roustabouts on the boat and Procter was at large several months before finally being caught near Smithland.

The case against Jim Wells, for killing John Hockenberry is set for tomorrow at Smithland.

## Suits for Divorce.

York Goodwin has filed suit against Birdie Goodwin for divorce, alleging infidelity. Van Satterfield and the woman were yesterday fined in police court for immorality. The couple were married in June and separated in December.

Henry Armstrong filed suit against Tillie Armstrong for divorce, alleging abandonment. They were married in 1892 and separated in 1900.

Etta Meek sued Charles Meek for divorce and restoration to her maiden name, Etta Moore. She alleges that they were married Oct. 20, 1901, and separated April 15, 1903.

## To Adopt Child.

Reuben and Alice Floyd have filed an ex parte suit in circuit court to adopt Temma Leona Owens, a one-year-old child given them by its mother.

## Police Court.

J. C. Dean, the Do Right preacher who had a fight with Ed Mayo, colored, was fined \$3 and costs for a breach of the peace, and on the suggestion of the death of Mayo, who hanged himself in the lockup, the breach of the peace case against the latter dismissed.

Other cases were: Unknown, drunk, white, \$1 and costs; Jesse Spiceland, white, disorderly conduct \$5 and costs; Jack Davis, colored, disorderly conduct, \$10 and costs; Butler Fondeau, breach of the peace, on motion of the prosecuting attorney, \$10 and costs; Stanley Walker, colored, disorderly conduct, \$10 and costs; Tom Riley, white, insulting language, \$1 and costs; Eva Johnson, colored, breach of peace, left open; Luella Burks and Ella Bolen colored, breach of peace, continued as to Burks woman and \$5 and costs against Bolen woman.

## The Case Continued.

The suit of Mary Jane Thixon, administrator of the estate of W. H. Thixon, against the Illinois Central Railroad company, for \$25,000, came up for trial at Wickliffe today and was continued.

W. H. Thixon was killed by a train at Bridge Junction, north of Cairo, several months ago, while waiting for a train to his home near Wickliffe.

He was instantly killed and horribly mutilated. A number of Paducah witnesses, who had been summoned were notified last night not to come, as the case would be continued.

## Deaths.

Beulah Melner and others deed to Jennie Hoover, for \$300, property on Jefferson street.

## Court to Adjourn.

Circuit court will tomorrow adjourn at Metropolis, Ill., until next month. There will probably be a recess of three weeks or a month.

## Will Probably Be Tried.

The suit of Sam Stone against the Register Publishing Company for \$10,000 damages for alleged libel, will probably go to trial today at Smithland. It was set for today and a number of witnesses went up from here, and later a stenographer was sent for to take the evidence, and Mr. A. W. Barkley will go up.

## Tenth Street Revival.

Rev. B. W. Bass preached last night at the Tenth street Christian church on "Repentance." There was one conversion following the sermon. The theme for this evening is "Confession." The revival service at this church is being well-attended and much interest is being manifested.

## DOUBLE CELLAR

Probably the Only One of Its Kind in the Entire City.

Many people have been inspecting a curiosity in the shape of a "two-story" cellar at the place adjoining the Scott flats at Seventh and Broadway. Mr. Stanley DuBois is building a store house in the yard and some of the old frame house that stood there, has been torn away.

The cellar was built years ago by the late J. G. Fisher, who once had a brewery there. The sub-cellar is built in the shape of a vault and was for storage of beer and ale.

It was for many years forgotten, but a few weeks ago Prof. Wm. Deal, who resides in the house, heard a dog whining and crying for several days, and finally located it under the ground beneath the house, and found on investigation that these were two cellars instead of one, and the dog had fallen into the lower one. Most of the double cellar has now been exposed and it was found to contain about two feet of water.

The walls consist of two or three feet of solid masonry and the total depth of both the cellars together is eighteen or twenty feet beneath the surface of the ground.

Good Friday will be celebrated by services at 7:30 a. m. and 7:30 p. m. without mass. From the singing of the Gloria this morning until the service on Saturday morning there will be no organ or bell sounded in the Catholic church. The services of Holy week are especially beautiful and solemn.

There will be service at Grace Episcopal church this evening at 7:30 o'clock. The Good Friday services will be at 10:30 a. m. and 7:30 p. m. Rev. D. C. Wright's series of Lenten sermons have attracted many, and all are cordially welcome, especially the strangers.

## RAILROAD RATES WERE DISCUSSED

Attorney for Atchison Road Gives Testimony.

Does Not Think Any Commission Would Be Competent to Fix Rates For Whole Country.

SAYS RATES HAVE DECREASED.

Washington, April 20.—Attorney Morawetz, of the Atchison road, gave testimony before the senate committee yesterday.

Senator Clapp questioned Morawetz relative to the right of congress to delegate authority to fix rates and also about a court of review. Morawetz said congress could delegate to a commission the power to fix a maximum reasonable rate. Congress ought to prescribe rules by which the commission should determine what was a reasonable rate.

It also was brought out that a court on appeal could determine what was a maximum reasonable rate. Morawetz said that in order to prevent discrimination between ports congress could fix only a maximum rate. It could not fix a minimum rate because that would force discrimination against ports and would be in violation of the constitution.

Morawetz said if railroads were compelled to fix their rates according to distance three-fourths of the industries of the country would be destroyed. There would be a revolution which would settle this whole question very speedily.

In answer to Senator Newlands, Morawetz said in several states there were commissions with power to fix rates. At times the Atchison road had suffered from interference and was saved from annihilation by the United States courts. He said no commission could have the wisdom to fix rates for the entire country.

Morawetz declared himself in favor of a federal, in place of state, railroad charter. Further along in the hearing Morawetz, answering Newlands, said that the interstate commerce commission could not arbitrate labor disputes, because no arbitration was enforceable. He said strikes which had resulted in so much damage to the country were due to failure to enforce law and protect lives and property.

Morawetz said figures would show railroad rates had decreased. Senator Doolittle took issue with this statement, saying that the report of the interstate commerce commission showed there had been an increase of rates.

Morawetz said that figures would be procured which would show the commission had made a mistake.

### HOCH'S CASE.

Begins at Chicago—Hard to Find a Jury.

Chicago, April 20.—Johann Hoch, self-confessed bigamist, was placed on trial in the criminal court yesterday afternoon for the murder of Mrs. Marie Walker Hoch, one of his wives. Mrs. Amelia Fischer Hoch, the defendant's last wife, and sister of Mrs. Marie Walker Hoch, will be one of the principal witnesses for the state. Mrs. Fischer Hoch declares she saw Hoch give some white powders to her sister just before the sister's death. The prosecution, in order to make it possible for a wife to testify will offer evidence that Mrs. Fischer Hoch was not Hoch's legal wife at the time.

It is expected that four or five days will be occupied in selecting a jury.

### Do You Know Mme. Qui Vive?

Probably you do, for Mme. Qui Vive has a national reputation as an aspiring friend of every woman with a beauty vogue. Her "Woman Beautiful" department in the daily and Sunday issues of the Chicago Record-Herald is a personal source of joyous helpfulness to womanhood. Her instructions on complexion ills are interlarded here and there with snappy little epigrams as "cheerers." The weapons she suggests to beauty seekers for the complete annihilation of beauty grievances do not include artificial methods—"factory" frizzes, rouge and other horrors being barred. She gives instructions on correct breathing, what to eat, how to bathe—in brief, how to become a healthy, wholesome woman. No wonder she is popularly known to many thousands of women.

## "Nervous Headaches—Run Down."

Tired, sick nerves cause nervous headaches. The nerves stop doing their work properly. They protest against neglect and abuse.

Their tired, sick condition is shown in many ways, sometimes one way, sometimes another. Headaches, "unstrung," "worn out," "run down," "nervous," "blue," all warnings from sick nerves.

Health, vigor, determination, courage—in fact, all that makes life worth living depends upon a healthy supply of nerve force.

Paine's Celery Compound makes new Nerve Force, it revives the old force and makes new. It not only does this, but by strengthening the nerves that control all the organs of the body, it cures the real cause of headaches, neuralgia, rheumatism, malaria, and the many diseases coming from a run down condition of the nerves.

For 18 years Paine's Celery Compound has been the most universally used nerve vitalizer and tonic in the world. For 18 years—think of this fact and realize what it means.

Read the experience of Mrs. L. F. Mulray after La Grippe:

"Following a severe attack of La Grippe my general health seemed to be seriously affected. I suffered from constant nervous headache and was so unstrung that everything irritated me until I was in a precarious condition. I also was troubled with sleeplessness and would rise in the morning more weary than when I went to bed. As my medicine did not seem to help me any, the doctor advised a complete change, but, as I was unable to go away, a neighbor advised me to try Paine's Celery Compound. I used it faithfully for a week, feeling that I daily grew better and stronger and my health kept gradually improving until I had used three and a half bottles, when I was in perfect health, with no trace of my former troubles. A number of my friends who saw what Paine's Celery Compound had done for me have used it since, and they all feel as pleased with results as I am. Yours very truly,"—Mrs. L. F. Mulray, Fifth and Mercer streets, Seattle, Wash. Treasurer Skoogay Country Club.

Thousands of grateful patients tell of the unflinching effect of Paine's Celery Compound as a nerve vitalizer and tonic. Physicians, the world over, use and prescribe it and testify to wonderful cures.

One bottle will prove its wonderful properties—it gives almost instant effect.

Try Paine's Celery Compound to-day.

It braces you up at once.

See how much better you feel.

See how much more easily the trials roll away.

Let Paine's Celery Compound strengthen and restore your nerves, nourish your system, purify your blood and help you back to vigorous, buoyant health.

Remember this—Paine's Celery Compound is the prescription of one of the most famous physicians America has ever known—Prof. E. E. Phelps, of Dartmouth University.

All reputable druggists recommend and sell Paine's Celery Compound.

## PASSOVER BEGINS

ELEVEN DAYS FEAST OF PESACH INAUGURATED.

Some of the Pretty Customs and Lessons That Mark Its Celebration.

The eleven-days feast of the Passover began yesterday and is now being celebrated. At tables set with unleavened bread, specially imported wine and bitter herbs, by which the various lessons of the day are illustrated, families last evening gathered for the Pesach supper, or Seder, the first and most important to the orthodox, and one that is still adhered to largely by the reformed or advanced Jews.

The services in the churches last evening were brief, so as not to interfere with the observance of the picturesque and instructive "Seder." This is arranged by the mothers and fathers of families, who are strongly influenced to perpetuate the old ritual because of its value for the children.

One of the chief purposes of the Pesach feast is the education of Jewish children on the history of their forefathers' exodus from Egypt. At table they are encouraged to ask

questions concerning this momentous movement, and four cups of wine set before them serve to impress on their memories the four Biblical phrases in which is expressed the promise of Jehovah to lead the children of Israel out of the land of bondage. The cups also give occasion for the lesson of true temperance, which the good Hebrew father never fails to preach.

The lesson of patriotism comes next. The symbol of slavery is set on the table. It is a dish of bitter herbs, and the children are urged to taste and learn how unpleasant it is. With this as a starting point, the heads of families review the history of the children of Israel and find in it a lesson for America. The Pesach, they believe, is the first Fourth of July, commemorating the first Declaration of Independence. Besides the wine and herbs there is usually a small piece of meat to symbolize the sacrificed lambs with the blood of which the children of Israel marked their doors when the angel of the Lord passed over the land and smote the Egyptians.

Services were held here last night in Temple Israel, and conducted by Rev. Lovitch, of Cincinnati. There were services again this morning at 10 o'clock, and will be services again tomorrow evening at 7:30, and this will practically end the holiday, although it nominally lasts eleven days.

Most of man's blunders are due to his self-conceit.

### ALL LOOK ALIKE.

Dogs, Horses and Men the Same When Dead, Says This Man.

Richmond, Va., April 20.—That the soul is mortal and dies with the body is the inference that many have drawn from a recent lecture to his class at the Medical College of Virginia delivered by State Chemist William H. Taylor.

In concluding his discourse, Dr. Taylor made use of the following language: "This, then, is the lesson we have learned: That the phenomena to which we give the name of soul are inextricably connected with the physiological functions of the brain, and that they had their origin in the far-off inorganic world, and were inherent, actually or potentially, in inorganic matter."

"It is a famous saying of long ago that 'where there are three doctors, there are two atheists.'"

"Those who see many dead animal bodies, and especially those who cut them up, as surgeons and butchers do, are driven irresistibly to the conclusion, if they can think, that, in the matter of soul, there is no apparent difference between a dead man and a dead dog."

"The scalpel, the microscope, the

test tube, assiduously, skillfully and thoughtfully used, have no cognizance, through anatomy, physiology, embryology, chemistry and other departments of medicine, of such a thing as an independent, superphysical entity, such as the soul in the common understanding of it."

### Small Blazes.

The fire department was last evening about 7:30 o'clock called to a colored servant's room in the rear of Mr. James Eaker's residence at 11th and Trimble streets where there was a small blaze. Small damage resulted.

A small blaze was late yesterday afternoon discovered in a closet at Capt. Tom Glenn's home, 517 Elizabeth street, and he was summoned from the station by phone. The damage is slight, and the blaze doubtless originated from a spark from a match used a short time before by Capt. Glenn's little daughter in looking for something in the closet.

## Our Great Easter Offerings

THE cold, unseasonable weather has not kept us from doing the biggest business in the history of this establishment. The cold days can't last always, the promises for Easter, from the weather man, are for pretty, warm weather. If you have not made your Easter purchases, do so at once. Come, let us help you with a selection from the most comprehensive displays in every department ever shown in Paducah. We can please you.

### Your Easter Purchases

We want to assist you in making your selections in our lines for Easter.

We, of course, take it for granted you must have something new for this occasion, or the gander that use to frighten us in our younger days will get you.

Now, whether it is a suit or merely a necktie you want, come to us. Never before have such comprehensive displays in men's, youths' and children's wearing apparel as we are showing been made in Paducah and we want you to see them.

### Easter Neckwear Ideas

Our Easter ideas in Neckwear comprise all the very latest showings in men's and boys' and women's neckwear, from the leading manufacturers of the country. Even an old suit takes on an air of the new when set off by a pretty necktie. Come see the season's offerings. One won't satisfy you. You will want several.

### Easter Shoe Ideas

Oxford shoes will be more popular than ever this spring and summer, and they come in patent leathers, tans and chocolates. With big flowing shoe laces they are very swagger for well-dressed men.

We are showing the Nettleton and Stacy Adams in \$5 and \$6 and oxfords at \$3.50.

### EASTER CLOTHES FOR MEN AND BOYS

Let us show you the styles in Men's Clothes. There is a marked change from last spring, and the man with an old suit on is very soon "spotted." The coats are long—some extremely long—the lapels wider, the trousers fuller, the vest different; in fact the changes are many and marked.

Then, too, the shades. Grays are very popular this season and will be worn by the more discriminate in taste.

But then we have the fabrics to suit every taste—the styles each man likes. If you don't care for the extremes, we have what you want either in cut and style, or fabric, and each garment is the peer of the best merchant tailors' product.

The only difference is in the price. We have suits for every one, priced from \$5.00 to \$40.00, and you will certainly find just the one you are looking for.

We have sold just a host of Easter Suits for the little fellows the past week. Let us fit out your boys. We are showing every one of the new things in unlimited variety—every garment exclusive and distinctively attractive for its qualities for wear and styles.

The Russian blouses with sailor collar, or cadet collar; the sailor suit, the Eton Russian suit in grays, blues, tans, browns and fancy mixtures are a few of the styles.

We have exclusive things for the boys in Hats and Caps, and Neckwear for Easter and spring and summer.

The boys will be given the same careful attention as the men, so if you can't come with the boys just send them to us.

Remember our free circulating library for the boys, and also our airship with each suit purchase. They cost you nothing.

### Easter Hat Ideas

The new hat ideas for spring top off the most attractive, and what are destined to be the most popular, styles in men's wearing apparel. Either in the soft hats or the derbies, they are designs that grace the appearance of every man.

We are showing the latest styles from Dunlap, Young, and Hawes and Stetson soft and stiff hats, as well as the new things in caps for men and youths.

Ask to see our Easter Special Stiff Hat, for which we are exclusive agents.

### Easter Hosiery Ideas

The new things in men's Hosiery will appeal to you. The patterns are along new lines, neat, nobby and attractive. Like your neckwear, you want a big variety of fancy hose, and we have it to show you. We have all the new things in silk and lisle and cotton. See the new green shades. We can suit your feet in pretty hose.

### Easter Shoe Ideas

No matter how many fancy vests you have, no matter how many white ones, you will want one or two of our showings. Never before have such pretty ones been offered in Paducah, for never before have such handsome creations been conceived in white and fancy vests for men and youths.

### Popular Prices for Easter Our \$7.50 Suits

We have a suit made specially for us that we know is the equal of any you pay \$10 for elsewhere. It contains four essential points in making that we had embodied in each garment: Hair cloth fronts, shrunk linen canvas, hand-felled collars, Phoenix shoulder pads.
